DIAMIK
GLASS

Recycling glass to create
beautiful surfaces

WE MANUFACTURE SURFACES USING
100% RECYCLED GLASS,
NO PIGMENTS, NO RESINS
JUST 100% RECYCLED GLASS.

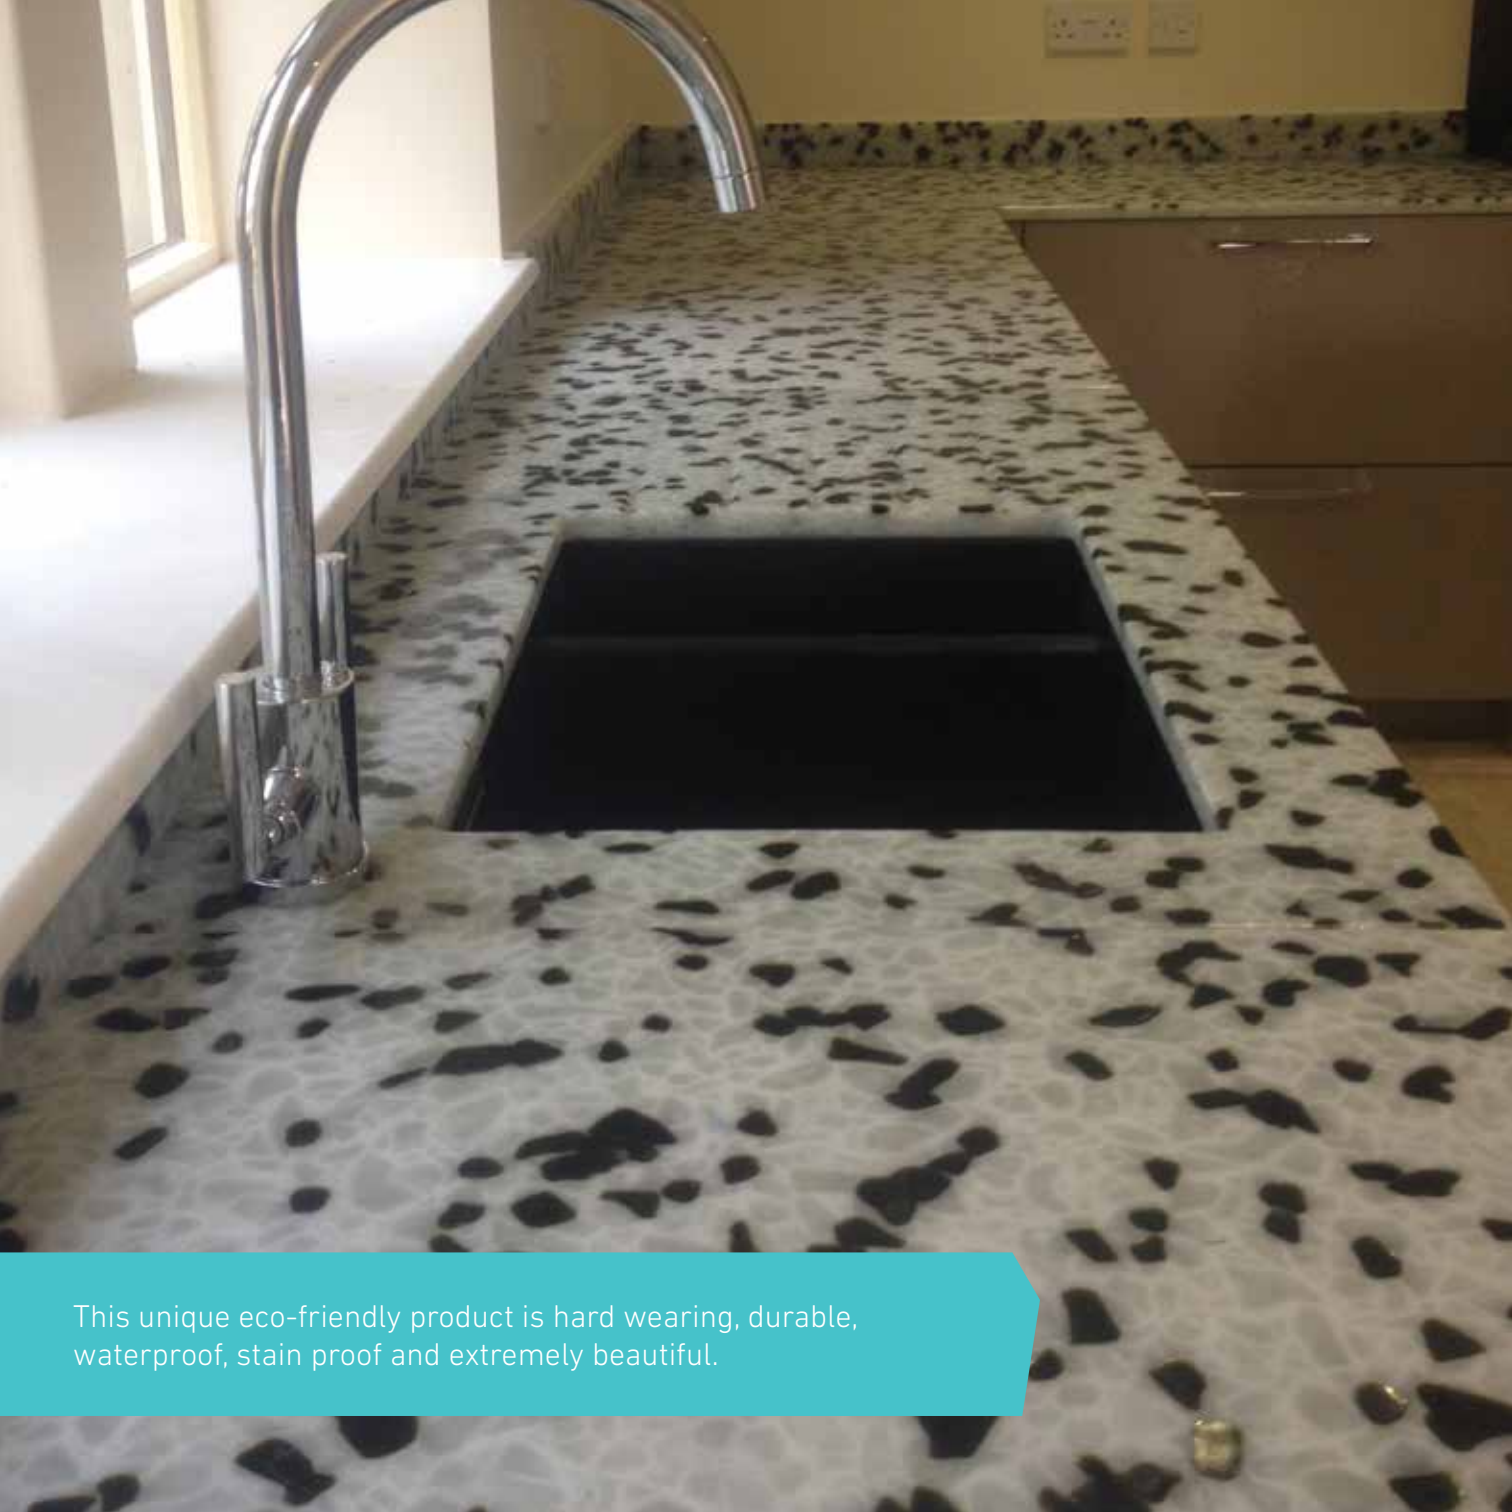

Our recycled glass sheets can be used for
many products including

- ▶ **Wall and floor tiles**
- ▶ **Feature panels with lighting**
- ▶ **Work surfaces**
- ▶ **Furniture**
- ▶ **Cooker splashbacks**
- ▶ **Trophies and design art**

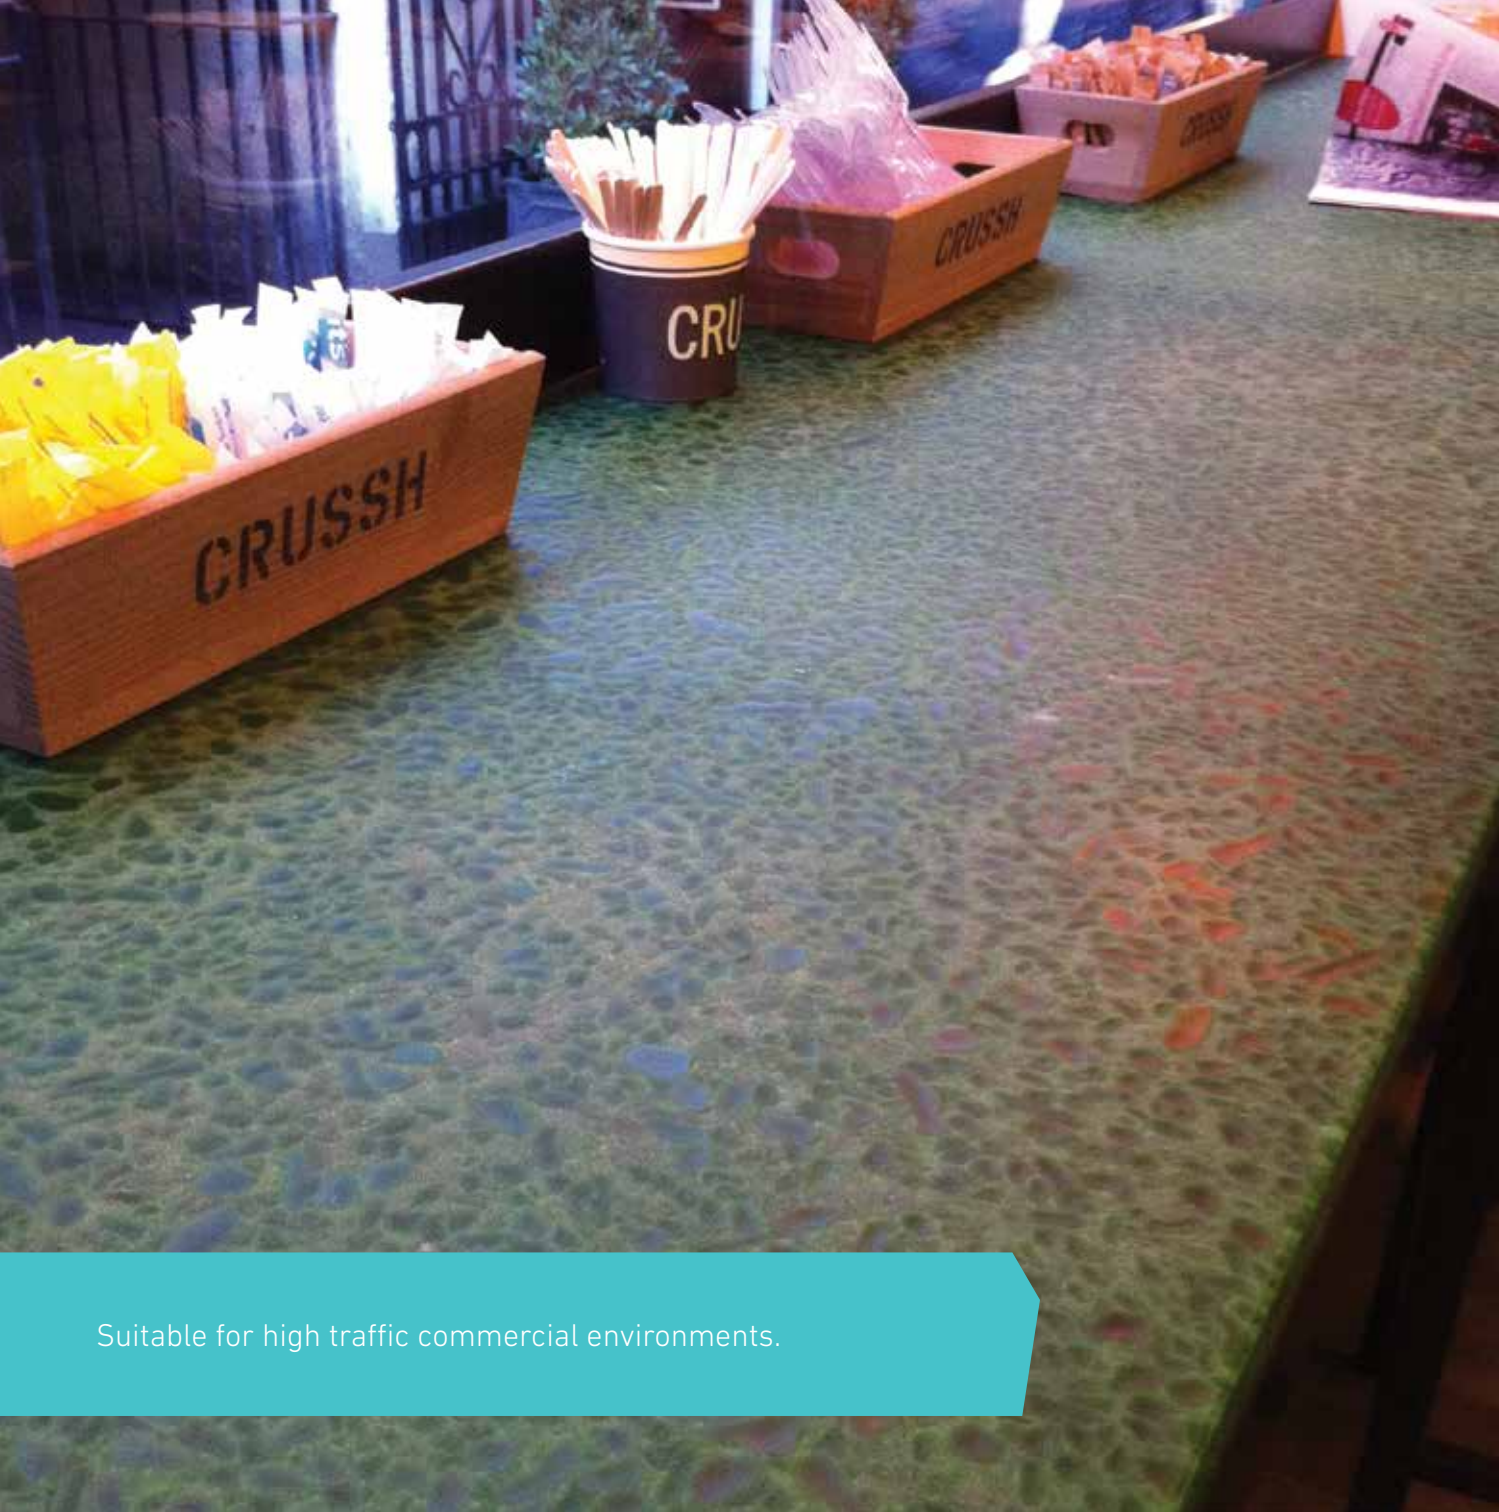

Our tiles are available in a wide range of designs and standard sizes
or we can create specific sizes and designs for bespoke projects.

This unique eco-friendly product is hard wearing, durable, waterproof, stain proof and extremely beautiful.

Back lit panels with LED lighting create stunning features in domestic and commercial projects.

Suitable for high traffic commercial environments.

100% recycled glass, the perfect recipe for an eco-friendly product.
